DEDICATION

For his ever willingness to aid us in assemblies; for his warm and abiding interest in us as individuals and as a group; for his friendly counsel and his sound, good fellowship, we, the Reflector Annual Staff of nineteen hundred thirty-five, d e d i c a t e this volume of achievements to . . . .

JAMES E. F. CHASE

IN MEMORIAM

Mr. GEORGE L. MCCULLOCH came to Jackson as an executive and educator in the public schools. He was principal of the Francis Street school for sixteen years; also twelve years at the old West School; and in 1912 was appointed assistant superintendent, in which position he continued until he resigned in 1934 because of failing health. It has been said by those who knew him best that if he had been granted one final wish, it would have been that death might find him, as it did, in one of the schools he loved and served so well.

FOREWORD

"As one who cons at evening
O'er the album all alone,
And muses on the faces
Of the friends whom he has known,
So I turn the leaves of fancy
Till in shadowy design
I find the smiling features
Of those old friends of mine."

DEAN S. SPENCER, Ph. B., A. M.
Principal

THE WORLD is full of doors and gates through which we pass bodily. Then there are other doors and gates into wonderful places, through which we pass *only mentally*. We enter by *understanding* — or not at all.

Geometry, stars, music, the germ world, art, philosophy, religion, the might and mystery of the invisible world around us, are all entered only via *the mind*. A dog may be in the *school building*, but he isn't in school because he doesn't understand. There is nothing quite so pitiful, so tragic, as to be in the presence of great riches, great glories, great joys, and be shut out because one does not know, because one can't comprehend.

Jackson High School is a place for young people to *wake up*, to become *aware*, to get understanding, to acquire knowledge and all-round mental development, so that they will be able to enter through the gate of the mind into the inner glories of the universe around us — the only way we shall ever be able to possess those glories. Otherwise we shall go through life only half-people (or less), with our cups of joy and usefulness but half full.

DEAN S. SPENCER

THERE is a daily challenge for me in the planning, developing and appraising of the varying activties of Jackson High School. These activities include classroom work, extracurricular activities, and social affairs. It is my desire that each student have a real opportunity to achieve in those activities in which he finds himself best adapted.

MISS RUTH COOLIDGE, A. B., A. M.
Dean of Girls

IT HAS BEEN a pleasure to serve you personally in the solution of your problems or to arrange with your preceptors and teachers for further counsel and guidance.

Through the Representative Assembly and Home Room organization you have made the reputation and character of Jackson High School the concern of the members of your class. You have also discovered the opportunity for student participation and leadership which will reveal their worth in the civic affairs of life.

Now as you, "on your own steam" face the puzzling problems outside school, may you have the strength of character to solve them unaided!

ROLLAND D. TODD

IF THE FATES would grant me but one wish — I would ask that I might be a wise friend, a true helper, to the students of Jackson High School. The life of the youth of today is full of complexities, of real problems, which are often genuine tragedies. To help, even in a measure, in meeting their constant challenge is a pleasure and a privilege.

REFLECTOR ANNUAL STAFF

This book is the product of the Journalism (4) class. This year's group is composed of thirteen members that meet every day the sixth period. The book has been a financial success since 1927; although expenses have been curtailed and the style and materials of the book have been changed, in keeping with the times, student interest has never lagged in the production, as sales have always been near the thousand mark. The price of the book during this period has been reduced from a beginning amount of $1.50, in 1929, to the small price of fifty cents in 1933 — and no special activity has been staged to help defray the Annual's expenses, all accounts being paid from the regular funds collected in the usual manner.

The Annual Staff began the season with over $300.00 of their own money as a working capital — this is why the book may be sold at a beginning price of fifty cents — which is the lowest price for an Annual of any school this size in Michigan.

The Annual Staff personnel will be found on the opening section.

Farewell to thee, old Britten Hall;
Without thy walls adventure call,
And I must go, new paths to find,
And leave thee, Britten Hall, behind.

But in my mind will always be
Poignant memories of thee,
Thy antique panes and checked floors,
Thy raised dais and massive doors,
Thy raftered ceiling's lofty height,
Thy dungeon's dim and mellow light,
Thy balcony, thy candled walls,
Each of these, as fleet Time calls,
Is pressed upon my memory,
Imprinted for eternity.
Thou art a link twixt old and new,
Murmuring of the past, then too
Whispering low a prophecy
Of even greater things to be.

But now without, oh stately hall,
My duty and adventures call.
And ever Time flows swiftly, so
Farewell, old Britten Hall — I go.

Alma Louise Bolson.

FOOTBALL SUMMARY

THE VIKING A and B football teams, with the untiring support of the Athletic Board of Control, ran a close second to the wonderful showing made by the scrappy 1930 squad which won the Five-A League championship. The 1934 squad lost to, but were not necessarily outplayed by, the fast Lansing Eastern aggregation, who won the Five-A League and the State Championship for the season. Only 33 points were scored against Jackson while the Viking squad piled up a total of 126 points. Jackson High produced one of its best teams in recent years. The boys are all quite proud of their record and have visions of the State Championship in the near future.

ARTHUR R. MASON

ATHLETICS. in Jackson High School, has financially enjoyed many successful seasons in the past few years, due in no small measure to the executive planning of Arthur R. Mason, faculty manager. The completion of the football stadium, one of the best in the state; the well equipped teams; the new uniforms for the players; and the cooperation of the student body and faculty are just a few of the accomplishments of the manager. The school is very proud indeed of Arthur Mason's record as a member of the Athletic Board of Control as well as a teacher.

COACH ELWOOD L. WATSON

THE FOOTBALL, swimming, and golf teams, coached by Elwood L. Watson, passed another enviable year as each team piled up score after score against the opponents. In football the strong Lansing Eastern team, winner in the Five A League, was the only team to leave Jackson on the small end of the score, thus placing Jackson second in the League. The fans may well be satisfied with the record of "Watty" and his teams.

COACH HOWARD CHANTER

BASKETBALL, track and tennis, are Coach Howard Chanter's three prodigies, and into what large youngsters they are developing. Under the coach's supervision and able training this year's cross-country team easily captured first place in the Five A League and won the first state championship ever presented to the Harriers. This year is Chanter's third as coach for the Vikings and what a record he is making with his teams.

1935 FOOTBALL SCHEDULE

THE JACKSON squad in the 1935 season will face one of the stiffest football programs in many years, with seven Class A schools and one Class B foe on the schedule. Five of the eight games will be played at Withington Stadium and should the Vikings win all the contests, they should have a clear claim to the state title.

Coach Watson, with most of his regulars graduating, will face the task of building a new team for the hardest schedule he has ever faced as football coach at Jackson High School.

FRED JANKE

FRED JANKE, who captained the 1934 football team, was one of the greatest if not the greatest football player Jackson has ever produced. He led his team through a very successful season, losing only one game and tying one. The Viking captain displayed great ability and alertness in close plays; was extremely fast and quick on his feet, and filled the position of left tackle better than any other player. Fred was always an outstanding Viking and it is the hope and wish of the school that next year the Orange and Black will have more like him.

THE DEPARTMENT that is indispensable to the Athletic Board of Control and to the school is that of ticket sellers and cheerleaders. They gave unstintingly of their time and efforts gratuitously to the support of the Viking teams. Much credit is due the members for the complete success of each athletic sport.

The cheerleaders received complete new uniforms in appreciation of their splendid work this past year, consisting of: White trousers and white sweaters, with an orange "J" on the front of the sweaters with a black megaphone for background of the emblem; also two large and two small megaphones. The equipment and uniforms were purchased by the Athletic Board of Control, the Representative Assembly and the Student Council. With this added equipment much enthusiasm can be expected of the fans.

AT A MEETING held in November by members of the football squad a decision was made not to elect a captain for the 1935 season, but instead, Coach Watson is to appoint a man to be captain for each game, and at the end of the season an honorary captain is to be chosen. The above decision was voted by members of the squad after it was explained that very few regulars would return for the 1935 season.

BASKETBALL SUMMARY

THE ORANGE and Black basketeers opened the season with a decisive win over the scrappy Lansing Easteners, and by this victory a good season was anticipated by the fans; but however a number of players were lost to the team due to graduation in January. This necessitated revamping the team.

After the first few games of the second semester, Jackson again returned to the winning end of the score and counted among their victories two wins from their old rivals of Ann Arbor High. The 1934-1935 schedule was a hard and difficult one, fourteen games being played, in which several new faces were seen on the floor for their first season as a Viking. They all came through with a wonderful record.

SEASON REVIEW

DECEMBER 7, AT JACKSON

Lansing Eastern 11 — Jackson 18

Displaying wonderful offensive basketball. and leading the scoring at every point of the game the Vikings gave the Quakers their first 5A defeat of the season. The Orange and Black cagers used a new figure eight offensive formation which the easterners failed to check.

DECEMBER 14, AT JACKSON

Kalamazoo 20 — Jackson 19

The Kalamazoo cagers gave Jackson High a close trimming of 20-19 in a thrilling overtime game played in the local gym Friday night, December 14. The outstanding Jackson players were Spreen, Walicki, and Coffman.

DECEMBER 28, AT JACKSON

Alumni 23 — Jackson 17

Playing good basketball, the Alumni team, led by Louie Jagnow, captain of the Orange and Black cagers of 1929, defeated the Vikings by a score of 23-17. The Alumni displayed excellent team work throughout the entire contest.

JANUARY 5, AT JACKSON

Port Huron 16 — Jackson 25

Packing all of their wallop in the last three periods, the Vikings rapidly overcome a five-point lead, established by the visitors during the opening quarter, to defeat Port Huron 25 to 16, after Dayton, Coffman, and Everett broke their slump during the first quarter and started the scoring for Jackson.

JANUARY 9, AT JACKSON

Lansing Central 19 — Jackson 18

Jackson lost to the scrappy Big Reds of Lansing by a close margin of only one point. The Vikings were slow in finding the basket during the first period, but when they did locate that hoop they outplayed and outpointed the visitors, but this spurt came too late to give Jackson a win.

JANUARY 11, AT JACKSON

Ann Arbor 13 — Jackson 16

By a winning streak in the last quarter the Vikings defeated their time-honored foes in a good game of ball played at Yost Field House, Ann Arbor. The game was a close one throughout all stages, and was well played by both teams. The high point men for Jackson were Walicki, Everett, and Spreen.

JANUARY 18, AT JACKSON

Ypsilanti 20 — Jackson 24

The Vikings, after a slow start and trailing during the first three periods, displayed a speedier attack in the last quarter. Coffman and Walicki began the comeback followed by Spreen and Everett who tied the score in the final period. In less than three minutes to play Everett and Cimock found the basket, making the final score 24 for Jackson.

JANUARY 25, AT BATTLE CREEK

Battle Creek 22 — Jackson 21

In a rough and tumble contest, which could hardly be called basketball, Jackson High lost to the Bearcats. The players displayed little science on either side, devoting most of their time to individual roughness and scrambling on the floor for the leather. Walicki, Everett, and Coffman were the outstanding players for the Vikings.

FEBRUARY 2, AT JACKSON

Muskeon 17 — Jackson 18

In one of the closest and best games of the season, Coach Chanter's basketeers came through by the narrowest of margins, tucking away a sensational 18 to 17 victory over the team from Muskegon. This contest was unique in that Cimock was the only first string man to answer the opening whistle for the Vikings. The other starting players were Hafle, Epperson, Horner, and Kirk.

FEBRUARY 8, AT JACKSON

Ann Arbor 5 — Jackson 19

Coach Chanter's basketeers displayed wonderful teamwork when they won the high count over the Purple and White. The Vikings rolled up a 19 to 5 victory over Ann Arbor by outclassing them in basket shooting. Outstanding players for Jackson were Coffman, Hafle, Everett and Dayton.

FEBRUARY 14, AT LANSING

Lansing Eastern 25 — Jackson 18

The Jackson Vikings received a decisive 5A League defeat at the hands of the clever Lansing Easterners. Due to the visiting quintet's ability to count on long shots gave Lansing the edge over the Vikings.

FEBRUARY 15, AT GRAND HAVEN

Grand Haven 39 — Jackson 21

Using two full teams Coach Chanter's basketeers lost to the scrappy Grand Haven quintet. The Vikings appeared slow on their feet, due no doubt to the strenuous contest the night before with the clever Quakers of Lansing. Hafle was high scorer for Jackson.

FEBRUARY 23, AT JACKSON

Battle Creek 19 — Jackson 21

In the last home game of the season, Jackson defeated the Battle Creek Central High in a decisively offensive contest. Hafle played wonderful ball, leading his team with ten points. Coffman played his usual stellar game at guard. Keitzman playing guard worked like a veteran and gave the Crickets plenty of trouble. Substitutes for Jackson were Horner, Brown and Cimock.

MARCH 1, AT LANSING

Lansing Central 31 — Jackson 15

Battling against tremendous odds, the Vikings suffered a decisive defeat at Lansing. After a brilliant first quarter for Jackson, the Central quintet slowly began the smooth attack that carried them through the fourteeen game schedule without a setback.

The Orange and Black basketeers finished their schedule with seven victories against as many defeats. In their eight 5-A league encounters, the Vikings won four and lost four to finish the season in third place.

The Vikings' basketball season came to a close by a defeat from Kalamazoo Central by a score of 23 to 17 which eliminated Jackson from further participation in the tournament. The Vikings came back in the last period to out-point the Maroons 9 to 8, but the lead gained by Kalamazoo in the third quarter carried them to victory.

Those who played during the last game of the season were: Walicki, Hafle, Hartz, Keitzman, Cimock, Epperson, Dayton, Everett, Kirk and Coffman.

THE GIRLS' Athletic Association is an organization of girls having attained recognition for participation in at least one sport activity.

Athletics, scholarship, sportsmanship and leadership are furthered through awards and the social functions. Overnight hikes, potlucks, and dance activities are among the many such projects of the association.

Sponsors of G. A. A. are Florence B. Jack and Roberta G. Glenn.

Major Officers: President, Maureen Cutler; Vice President, Elizabeth Mierzejewski; Secretary, Helen Mierzejewski; Treasurer, Margaret Pierson; Advisers, Miss Jack, Miss Glenn.

THE GIRLS' Sports program offers a varied and enjoyable means of occupying one's spare hours. Activities are sponsored in all team and individual sports.

Acting leaders for the past year were: Soccer, Francis Naegle and Lorene Lindahl; Basketball, Betty Braun; Volleyball, Marcella Lowe; Baseball, Edna Ferris; Tennis, Dora Burgess; Swimming, Marcia Hunt; Bowling, Mary Jane Firth; Archery, Jessie Drain; Hiking and Bicycling, Virginia Nicholson; and Skating, Whitfield Stallings.

Team sports are begun with instructed practices and concluded with intramural tournaments. Individual sports are conducted through personal initiative and through competitive activities.

Benefits of girls' athletics, however, extend further than tournaments; an opportunity is afforded for healthy recreation, leadership, teamwork, and co-operation. In addition, skill, scholarship, and participation are recognized through an award system including numerals, J, Star J, and Pendant.

Back Row (left to right): J. Pinegar, B. Engle, W. Stallings, V. Murphy, D. Burgess.
Front Row: M. Nord, L. Hamilton, J. French, E. Smalley.

JUNIOR ORCHESIS

To THE students of Jackson High, the modern dance is giving a joyous means of expressing oneself through the medium of dynamic movement. It means also a more definite development of muscle control which helps in gaining greater poise, grace and ease of motion.

Junior Orchesis is the dance club of Jackson High School which meets once a week in the evening and which is for girls interested in a deeper study of creative dancing. There are classes in school for beginners and special classes for the more advanced students.

A dance program is given annually through the combined efforts of all the dance classes, including some very outstanding work by the boys who are interested in dancing. During the past four years the groups have given several programs at various clubs and churches in the city.

Back Row (left to right): E. Brown, M. Yocum, H. Mierzejewski, M. Karn, M. Guillaume.
Second Row: J. Hunt, D. Wooliver, R. Kurtz, K. Crandall, B. Brown, W. Stallings.

Member not in picture: J. Redmond.

SWIMMING

THE SPECIAL swimming group offers to the girls enjoyment and a chance to acquire skill in swimming and diving. There are both Junior and Senior Red Cross Life Saving classes. The climax of the swimming season is the water carnival in which both girls and boys particpate. It is colorful with a thrill in the finale of the candle-lighted "J" drifting down the two lines of swimmers singing "Sail Vikings."

One school child out of every five — and six people out of every ten over the age of forty—suffer from defective eyesight. Science tells us that studying and reading in improper and inadequate light have had much to do with bringing on this alarming condition. ¶This new creation of science is a lamp for study and reading—a lamp designed to help young eyes develop normally—to help older eyes see wth less effort and therefore reduced strain on the muscles of the eye. ¶Children need the eye-saving light of this new study lamp to help them as they do their home work And every man or woman who reads needs the sight protection and eye comfort this new lamp brings.
